

#200

DELUXE MASKING MACHINE  
FOR PAPER UP TO 18"

1572

78003

# ASSEMBLY INSTRUCTIONS

1. Attach frame sides (1 & 2) with bottoms pointing opposite each other.
2. Attach large tray (3) to frame sides. Tighten nuts finger tight.
3. Install paper bars (4) with washers and adjustment rings (5, 6 & 7) on bars first. See diagram for identification. Then attach paper bars to frame sides with 5/16" wing bolt (8).
4. Install cutter springs (25) on paper cutters (9 & 10) and attach 45° angle blade (9) to frame bars. Tighten nuts finger tight.  
NOTE: USE CAUTION WHEN HANDLING PAPER CUTTERS. EDGES ARE VERY SHARP.
5. Attach 90° angle blade (10) to frame bars. Tighten finger tight.
6. Attach side pan (11). Tighten finger tight.
7. Attach tool hanger bar (12).
8. Check alignment. Tighten all nuts.
9. Slip axle (13) thru frame ends. Two washers are provided. Large hole washer (14) & horse shoe clip (17) are used inside of wheel (18) to hold wheel in place. Small washer (15) on the outside. Tighten axle nut (16).
10. Attach all 4 tape reels (19) using nuts and bolts attached to reels using a washer on both sides of the reel with the flange of the reel facing the frame bar, 3 nuts are provided. Use one nut to attach bolt to frame, one to hold tape reel in place and the wing nut to lock the tape reel in place.  
TIP: TEAR OFF WITH A FIRM SMOOTH PULL STARTING AT THE TAPED EDGE.
